The shaft at Pilot Knob is now two hundred and seventy feet deep. It was rather expected to reach a large body of ore at about two hundred and fifty feet. But the expectation has not been realized, yet.

Long Bros. circus is advertised to be in Ironton tomorrow. 'Tis a wagon circus—that climbs over the hills and wends its way through the Valley. But we can't promise that to this circus will attach any of the merit or glory of the wagon circus of the days of old. At least we all anticipated their coming and enjoyed them after they came. But the day of the meritorious country circus seems gone forever! More's the pity!

Bleached Muslin 5 cents a yard at Barnhouse's.

Teasdale, who will represent the company here as their agent. Mr. Duncan W. Dean, of the construction department of the company, was assisting on Tuesday and Wednesday of this week, during which time all messages were free to the many patrons. The line is in fine working order and no doubt will give satisfaction.—Potosi Independent.

The boys in the southern end of the county are telling a p. etty good story on a preacher-politician—nor does he make Democratic speeches—who lives in that vicinity. A few weeks ago the preacher-politician boarded the day passenger train at Des Arc to come to Ironton. When the conductor appeared on the scene demanding fare, the p. p. said he had already paid. "Where did you pay on the train?" asked the conductor. "At Piedmont," said the p. p., "and I'm going to Ironton."

"Well, no one has paid on this train from Piedmont to Ironton," said the conductor, "so you can pay now." The p. p. demurred, but he had to pay the fare from Piedmont to Ironton, even if he didn't get on the train until it reached Des Arc. The p. p. insists he was only joking with the conductor; he didn't want to beat the railroad out of his fare. But 'tis safe to say he'll attempt no more jokes along this line.

Mr. J. M. Morris of Des Arc, Mo., and his sons, G. W. and J. C. Morris, were in Farmington Tuesday, and Mr. Morris closed a deal for the two-story brick business house of T. S. Lopez & Sons, on the southwest corner of the Public Square. It is the intention of the sons, G. W., J. C. and W. L., to open a large general merchandise store, and they expect to be ready about the middle of October. Mr. Morris and his sons have been in the lumber and mercantile business at Des Arc for many years, and conducted one of the largest trades of any firm in this section of the State. They sold out their business there, and in looking for a new location were attracted to Farmington by its evidences of thrift, growth and enterprise, and have decided to make this place their home. They will be desirable addition to our town, both in a social and business way, and we are glad to know they are coming among us.—Farmington Times.

Last Monday evening a reception was given at the residence of J. H. Jones, Esq., to the Rev. Thos. F. Marshall. Mr. M. had just returned from his summer vacation, and his parishioners and friends took this occasion to give him renewed welcome to the field of his labors. Probably three-score people were gathered in the elegant, brilliantly lighted domicile above mentioned, and the proceedings were such as to give pleasure to all who were so fortunate as to be there. Rev. Geo. Steele gave a neat address of welcome, frequently punctuated with applause, to which the other Reverend

gentleman made happy response. Then there was music, talk, light refreshments, and a game which the writer does not yet quite understand, except that in its ending it gave him the exclusive right of escorting a certain fair lady to chocolate—to which, certainly, no reasonable exception can be urged. About ten o'clock *au revoir* was said and the guests departed with one more green oasis planted in the sands of memory's all too monotonous plain.

As I passed the Blue school house the other day I saw the hillside covered with boys and girls. There were little ones, big ones, and all sizes. I just can't see how one little teacher can manage all of them, but they all tell me it is one of the best schools they ever saw. I intend to call in the near future just to see those boys and girls work. Miss Downs is the teacher; this is her second term here.

President Hayes' \$6000 Dinner.

"In President Van Buren's Administration the custom of serving estates at public receptions in the White House came to an end," writes Rene Bache, in the September *Ladies' Home Journal*. "It had been so absurd that just prior to the election of 1840 hungry crowds besieged the East Room clamoring to be fed and threatening to vote against Mr. Van Buren if they were not supplied with food. Since that time the only Chief Executive who has provided 'refreshments' on such occasions was President Hayes. Although President Hayes offered no wine to his guests he spent a large part of his salary in entertaining. A single entertainment cost him six thousand dollars. President Arthur had the reputation of giving the most costly dinners."
